## Profile

To secure a challenging role as a Web Developer, leveraging my proficiency in front-end technologies. Committed to delivering dynamic and user-focused web solutions, I aim to contribute to a collaborative team while continuously expanding my skill set in a rapidly evolving technological landscape.

## Skills

HTML, CSS, JavaScript, BootStrap, ReactJs, ReactNative, Git.

## Education

2012-2016	<b>Bachelor's of Technology</b>
Hyderabad, India	GITAM University (EEE)

## Professional Development

2023/05 – present	<b>FRONT-END Developer</b>
Hyderabad, India	<i>Digital Lync</i>

2019/09-2020/02	<b>AWS-DEVOPS</b>
Hyderabad, India	

## Experience

2023/05 – present	<b>FRONT-END Developer</b>
Hyderabad, India	<i>Digital Lync</i>

- Designed a User-Friendly portfolio website Web Application using HTML, CSS, JavaScript.
- I Gained good knowledge on front-end technologies like HTML, CSS, JavaScript and frameworks like React-Js and Bootstrap.
- I have hands on experience and good knowledge on javascript.
- During this internship period I also got to know about the SQLdatabase and Github.

## Projects

2023/08 – present	<b>Learning Management System (LMS) with React</b> <ul style="list-style-type: none"><li>• This e-commerce platform is designed to enhance the educational experience</li><li>• offering features such as course discovery, registration, and demo viewing. The system incorporates a streamlined user authentication flow, ensuring a seamless journey for both new and returning users.</li><li>• A dynamic registration page allows for accurate input and secure account creation. Once logged in, users are greeted with a personalized dashboard that facilitates easy access to enrolled courses.</li><li>• The responsive design of the LMS, crafted with React's principles, ensures a consistent experience across various devices.</li></ul>

2023/07 – 2023/08

### **A portfolio website**

- This website showcases my abilities in HTML, CSS, and JavaScript.
- It features an engaging welcome message with a creative background image, a user-friendly navigation menu for seamless browsing, and an 'About Me' section that succinctly captures my skills and aspirations.
- Additionally, I integrated a dynamic project page that provides a detailed breakdown of my work, complete with GitHub repository links and relevant resources.
- Visitors can also access a downloadable PDF version of my resume and reach out to me through a user-friendly contact form.
